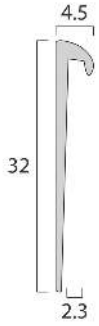
Technical Data Sheet

DT059

Floor-to-wall

Image/ Drawing



Description

DT059 is a detail trim designed for floor to wall junctions. The profile has a finished edge to cover 1.5mm -2mm floor vinyl. A small end taper gives a flush finish to the vinyl. Available in natural satin or mill finish.

Material

- T6 6063 Alloy aluminium
- Standard 2.5 meter lengths

Available finishes

Natural Satin, Black, Bronze, Brass

Information given in this data sheet is based on the current state of knowledge. This does not exempt the purchaser from carrying out his own careful inspections of incoming goods and their suitability for local building codes. We reserve the right to make changes to the product data in the course of technical progress or due to operationally related further development. Owing to factors beyond our control during application, recommendations given in this data sheet require tests and experiments by the customer. Our recommendations do not exempt the customer from the obligation to check any infringements of third-party rights himself and eliminate them if necessary. The suggestions for product use are not equivalent to a warranty of its suitability for the recommended purpose.

Each new release of this data sheet supersedes the previous one.
